No. 209

To the

Officer in Charge of the American Mission,

London.

The Secretary of State transmits herewith a copy of a memorandum received by the Department of State from the Central Intelligence Agency. The memorandum appears to be self-explanatory and there appears to be no doubt but that the Central Intelligence Agency employees are permanent official employees, being agents of the United States in the operation of the monitoring station.

It is requested that the Embassy make appropriate representations to the Foreign Office in order that the Central Intelligence Agency employees shall not be subjected to double taxation. The Department should be kept advised as to the developments.

Enclosure:

Memorandum from Central
Intelligence Agency.
